Marked X: Standard colors available in listed profiles. Printed colors can differ from the real colors on the sheets. Please ask for steel sample. For individual request we can also supply special colors depending on accessibility from steel mills. This must be settled individually with our Director of Production Unit.

Marked : Color not available at the moment. About delivery term please ask GSM.

Preventing condensation: Drop Stop is a non-woven film preventing condensation to drop. Drop Stop is applied on request, to the reverse side of various profiles. For more information please contact our local sales department or see [www.borga.com](http://www.borga.com).

Borga colors compared with RAL palette.
